SHUBH DOSHI

+91 7226047581 | shubhdoshi21@gmail.com | Portfolio | LinkedIn | GitHub

PROFILE SUMMARY

- Proven ability to deliver 100% functional, responsive websites, leveraging SEO best practices to boost visibility and drive a 30% increase in user engagement.
- Proficient in full-stack development, specialising in React.js, Node.js, and API integration, ensuring seamless performance and scalability across applications.
- Strong command of 5+ programming languages (JavaScript, TypeScript, Python, Java, C++, SQL) and version control tools like GitHub.
- Successfully led 2+ hackathon teams, achieving top positions and delivering innovative solutions, including an AI-powered guest management system and a Google Apps Script add-on.

EXPERIENCE

SquareFlow - Web Developer Intern | (wedflow.in, mymediboard.com, marketingtoutility.com)   **Oct 24 - Nov 24**

- Delivered 3+ responsive websites with SEO optimisation and increased traffic.
- Built a Google Apps Script add-on for wedding planners, streamlining operations.
- Proficient in React.js, Next.js, Node.js, and API integration for dynamic development.
- Strong focus on deployment, user engagement, and client-focused solutions.

Neuralize – Co-ordinator | (neuralize.in)   **Feb 24 - Sep 24**

- Developed a responsive web application for Neuralize AI/ML Club using React.js.
- Contributed to backend integration and optimised API connectivity.
- Ensured smooth user experience and delivered a production-ready solution.
- Gained hands-on expertise in full-stack development and responsive design.

PROJECTS

E - Book Store   **Aug - 2024**

- Built a full-stack E-Book Store using the MERN stack, enabling seamless browsing and purchasing of 1,000+ e-books, with React.js frontend and Node.js/Express.js backend.
- Integrated Stripe API for secure payment processing, managing 100+ daily transactions, and set up MongoDB to store and retrieve user/book data, improving load time by 50%.
- Implemented Passport-based authentication for secure login and user management, supporting 500+ registered users.

Event - Toolkit   **Dec - 2024**

- Built an Event Toolkit Website with role-based access for Admin, Vendor, and Ordinary Users using React.js, Node.js, and MongoDB.
- Integrated 3 distinct user roles with tailored dashboards and permissions.
- Enabled end-to-end event management, including vendor booking, task assignments, and user tracking.
- Achieved 100% mobile responsiveness and seamless deployment for scalable use.

TECHNICAL SKILLS

Programming: Java, Python, JavaScript, TypeScript, HTML/CSS, SQL, MongoDB, Node.js, React.js, Next.js, C++
Tools: Git, GitHub, Bootstrap

EDUCATION

The Maharaja Sayajirao University   **2022 - 2026**

Computer Science and Engineering   **CGPA : 8.6**

EXTRACURRICULAR / CERTIFICATIONS

- Full Stack Development with React & NodeJS (GeeksForGeeks)
- Postman API Expert (Postman)
- Smart India Hackathon 2024 Internal Winner (Team Lead)
- Odoo Combat 2024 Finalist
